3. MINUTE OF MEETING OF THE PROCEDURES COMMITTEE OF 25 MAY, 2018

The Minute of Meeting of the Committee of 25 May, 2018 was circulated, approved as a correct record and duly signed by the Chair.

4. ROAD TRAFFIC ORDERS

With reference to the Minute of Meeting of the Committee of 25 May, 2018 (Item 10) there had been circulated a report dated 23 August, 2018 by the Director of Business Services seeking consideration of proposed amendments to the Scheme of Governance, following a Members’ workshop held on 4 June 2018 and consultation with Area Chairs, to Part 2A (List of Committee Powers) in respect of Area Committee powers when determining proposals for Road Traffic Orders and Part 4 (Glossary) to provide a definition of Road Traffic Order. The report advised that it had been proposed by members attending the workshop that if an Area Committee wished to depart from Council Policy then the Area Committee should provide justification to Infrastructure Services Committee (ISC) in the form of reasons and request consent to depart. If ISC agreed that a departure was justified in the circumstances, only then could a departure from Council Policy be approved.
Having heard from the Acting Head of Legal and Governance, the Committee agreed:-

5. FESTIVE LIGHTS POLICY – REFERRAL FROM INFRASTRUCTURE SERVICES COMMITTEE

With reference to the Minute of Meeting of the Infrastructure Services Committee of 21 June, 2018 (Item 9) when consideration had been given to the Festive Lights and Attachments to Street Lighting Columns Policy and it had been agreed, amongst other things, to refer the matter of arrangements for an appropriate appeal process relating principally to disagreement on main footfall areas in communities to the Procedures Committee, there was circulated a report by the Director of Infrastructure Services proposing the delegation of powers to Area Committees to approve main footfall areas within their communities, thereby removing the requirement for an appeal procedure in future, and setting out options for interim arrangements in the event of a dispute between an officer and community group over what constituted a main footfall area during the upcoming festive season.

Following discussion on the timescale available for Area Committees to consider any appeals following a dispute, the Committee agreed to recommend to Infrastructure Services Committee:-

1. that the Area Committees identify main footfall areas in their area under the Festive Lights and Attachments to Street Lightings Columns Policy and determine any applications outwith those areas under their current remit specified in B.1.1 of Part 2A, List of Committee Powers in the Scheme of Governance; and

2. that pending Area Committee approval of the main footfall areas, a temporary delegation be made to Area Managers, following consultation with the Chair and Local Members, to determine any applications over the upcoming festive season in the event of a dispute between an officer and community group regarding what constituted a main footfall area within a community.

7. REVIEW OF COMMITTEE REPORT TEMPLATE

With reference to the Minute of Meeting of the Committee of 20 April, 2018 (Item 4) there was circulated a report dated 1 August, 2018 by the Director of Business Services on a review of the committee report template in terms of presentation style and content. Following discussion on the need for reports to be clear and precise, limiting the number of pages reproduced by inserting links to documents already published, include an introduction/summary paragraph, demonstrate how the action proposed would contribute to meeting the Council’s priorities, retain a section specifying staffing, financial and risk and include a new paragraph on “other implications” including sustainability, quality of life, wellbeing, town centre first, climate change, economy of towns and possibly equalities, the Committee agreed to note that the Head of Legal and Governance would assess improvements required to the template and that consultation would take place across Directorates prior to implementation.

8. SCHEME OF GOVERNANCE – ADDITIONAL CHANGES

With reference to the Minute of Meeting of the Committee of 25 May, 2018 (Item 11) when it had been agreed to recommend changes to the Scheme of Governance to Full Council, there was circulated a report dated 2 July, 2018 by the Director of Business Services explaining (1) that a report had been presented to Full Council on 26 June 2018 on the proposed changes agreed, and (2) that since that time further provisions within the Scheme had been identified as requiring review many of which were currently under consideration and would be reported back, and (3) that two of the revisions identified, which sought to clarify current practice only, could be included in the report to Full Council in September 2018 with a recommendation to suspend standing orders to allow implementation on 28 September, 2018. The two revisions proposed (1) an insertion in Part 2C, List of Planning
Delegations to reflect the Area Committee role in agreeing masterplans as required by the Local Development Plan; and (2) an amendment to the delegation to Policy Committees to approve members’ attendance at conferences and events to reflect that a Councillor who is not a member of the Committee may be nominated to attend.
