2 Background / Discussion

- 2.1 The purpose of this report is to advise Committee of how the Service is performing against key performance measures and associated targets as set out in the Education & Children's Services (ECS) Service Plan, approved by the Education & Children's Services Committee on 23 March 2017.
- 2.2 The performance measures are linked to the service's priorities. The quarterly performance monitoring report provides regular opportunity for elected members to maintain scrutiny of significant activities in order to achieve good outcomes for the residents of Aberdeenshire.
- 2.3 The report includes data on two annual school attainment measures based on examination results for the 2016/17 session year. These annual measures are based on the set local and national benchmarking measures included within the Scottish Government's attainment benchmarking system *Insight*.
- 2.4 The performance during the fourth quarter of 2017/18 across *Aberdeenshire* can be summarised as follows:

Key Service Objectives	Overall Assessment

To nurture a culture which supports our staff to deliver high quality, efficient and responsive services	Continued high satisfaction level ratings contribute to a strong overall performance this quarter.

Q1 2017/18	100.0%	100.0%

The Stage 1 - Front Line Resolution (target of 5 working days) Q4 2017/18 short trend indicates a small improvement in performance this quarter, with these front-line resolution completed complaints increasing to 70.5% (13 of 44) compared to 68.4% in Q3 2017/18. Although there has been an improvement the figures have not returned to the previous 100% levels. Investigation has not revealed any main underlying reason for this and the target has been missed across the service, not just in one area. Managers will be reminded of the importance of dealing with complaints within the target timescales. Complaints at Stage 2 (Investigation stage, with a target of 20 days) completed during Q4 2017/18 = 88.9% (32 of 36), which represents a fall of 4.6% on the previous quarter. Total complaints (Stage 1 and Stage 2) completed within 20 working days during Q4 2017/18 equated to 92.5% (74 of 80) which is an improvement of 11.7% on last quarter. This measure is the one used to compare performance with other local authorities.
