**Aberdeenshire**  
COUNCIL

## **REPORT TO KINCARDINE & MEARN'S AREA COMMITTEE – 20 NOVEMBER 2018**

### **SCOTTISH FIRE AND RESCUE SERVICE – KINCARDINE & MEARN'S AREA COMMITTEE PERFORMANCE REPORT FOR 1 April 2018 – 30 September 2018**

#### **1. It is recommended that the Area Committee:**

- 1. Acknowledge and discuss the attached performance report relating to the period, and**
- 2. Acknowledge and discuss any local operational matters arising, together with key resource issues, as detailed within the appendices attached to this report.**

#### **2. Background / Discussion**

- 2.1 The main purpose of this report is to inform Members how the Scottish Fire and Rescue Service is performing locally in Kincardine & Mearns against key performance measures and associated targets, as set out in the Aberdeenshire Local Fire and Rescue Plan and Kincardine and Mearns Multi-Member Ward Plan.
- 2.2 The summary report (see appendix 1) will provide a regular opportunity for Elected Members to discuss fire and rescue activities in the local area in order to achieve good outcomes for the residents of Kincardine & Mearns.

#### **3 Scheme of Governance**

- 3.1 The Committee is able to consider this item in terms of Section B.1.7 of the List of Committee Powers in Part 2A of the Scheme of Governance as the Area Committee is authorised to consider the performance of Police Scotland and to make any necessary recommendations to the appropriate Policy committee or governing body.

#### **4. Implications and Risk**

- 4.1 An equality impact assessment is not required because the report is to inform the Committee on performance and there will be no differential impact, as a result of the report, on people with protected characteristics.
- 4.2 There are no staffing and financial implications from this report.
- 4.3 There are no direct risk implications for the Council as this report is in relation to the performance reporting of an external organisation for the Committees' acknowledgement and discussion.

4.4 As this report is only to inform Committee on performance there is no impact on town centres thus a Town Centre Impact Assessment is not required.

## Kincardine and Mearns Area Committee April to September 2018

### Introduction

From 1<sup>st</sup> April 2018 to 30<sup>th</sup> September 2018 there have been **169 incidents** within the Kincardine and Mearns Area:

- 14 Deliberate Fires
- 0 Fire Fatalities
- 11 Accidental Dwelling Fires
- 29 Special Service Incidents
- 91 False Alarms
- 27 Accidental Fires
- 2 Non-fatal fire casualties
- 5 Non-Domestic Fires
- 4 RTC Casualties

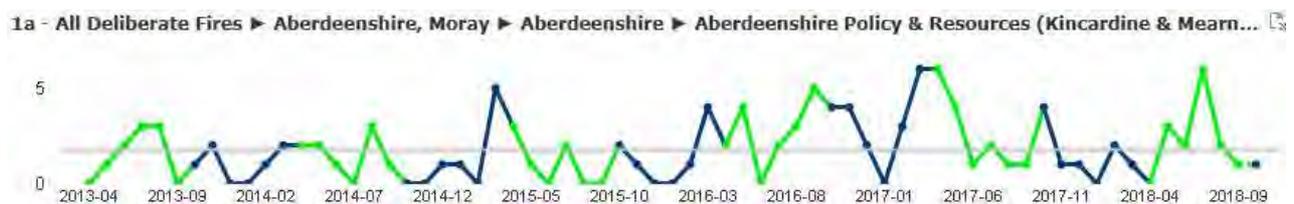

The Aberdeenshire Management Team and staff within the area are committed to working with Communities and Partners to reduce all types of incidents and continue working to make Kincardine and Mearns a safe place to Work in, Live in and Visit.

This report provides the Kincardine and Mearns Area Committee with an overview of performance within the area and what the service are doing in partnership with both communities and partners to continuously improve performance within the area.

(Information taken from SFRS internal performance software; statistics featured throughout this report are provisional until the year end)

### Deliberate Fires

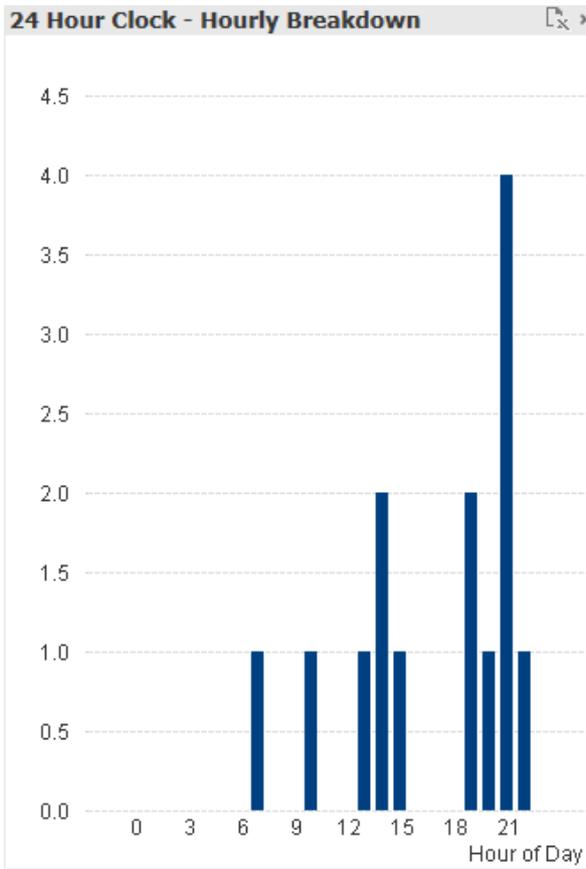

Reducing Deliberate Fires is a priority for the Scottish Fire and Rescue Service within the Kincardine and Mearns Area. The chart below shows that we are making progress towards this objective (the sections of the chart coloured green represent April to September from 2013/14 to 2018/19).

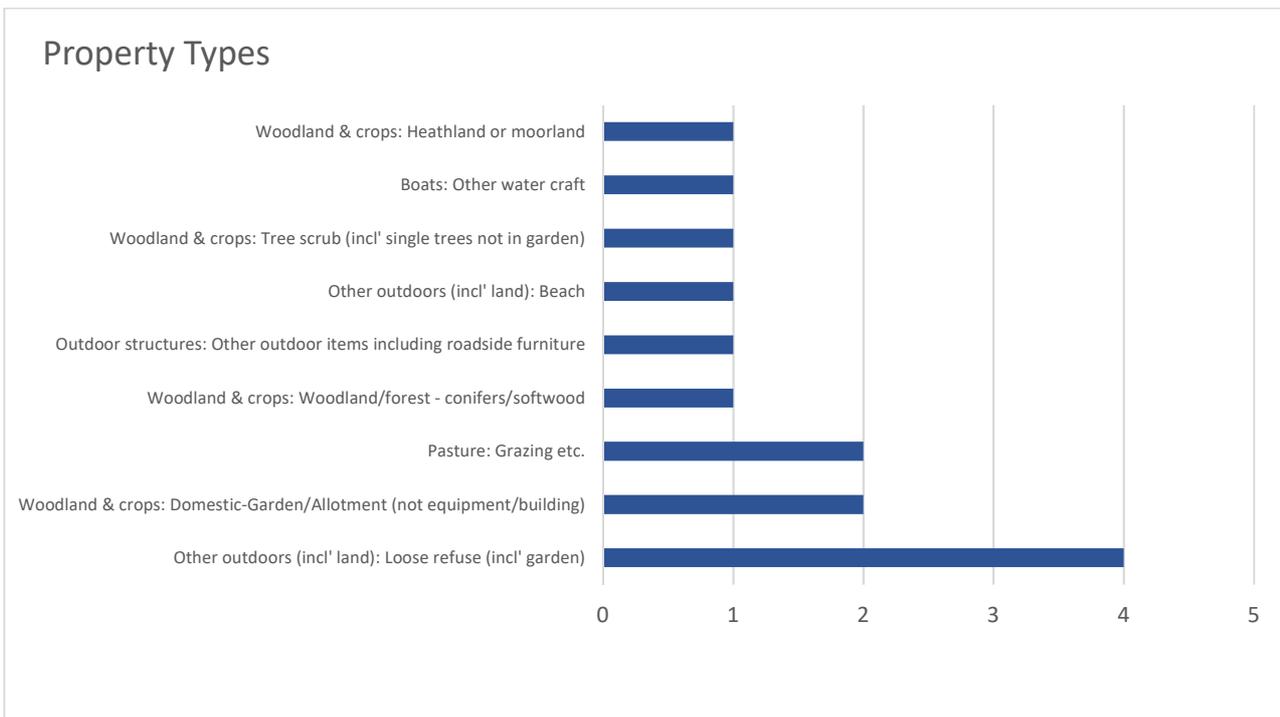

The table below shows the breakdown of Deliberate Fires throughout the Kincardine and Mearns area down to ward level. It can be seen from the table that the deliberate fires over the current period have occurred in all three areas.

Geography/Reporting Year	13-14	14-15	15-16	16-17	17-18	18-19
↑ Ward						
Mearns	3	2	0	4	3	6
North Kincardine	3	4	3	2	5	3
Stonehaven & Lower Deeside	3	3	3	10	7	5
<b>Total</b>	<b>9</b>	<b>9</b>	<b>6</b>	<b>16</b>	<b>15</b>	<b>14</b>

8 out of the 14 incidents that have occurred during this period have taken place between 1900 – 2200hrs (this can be seen in the figure below).

The 14 deliberate fires fall into the following categories.

## Unintentional Harm and Home Safety

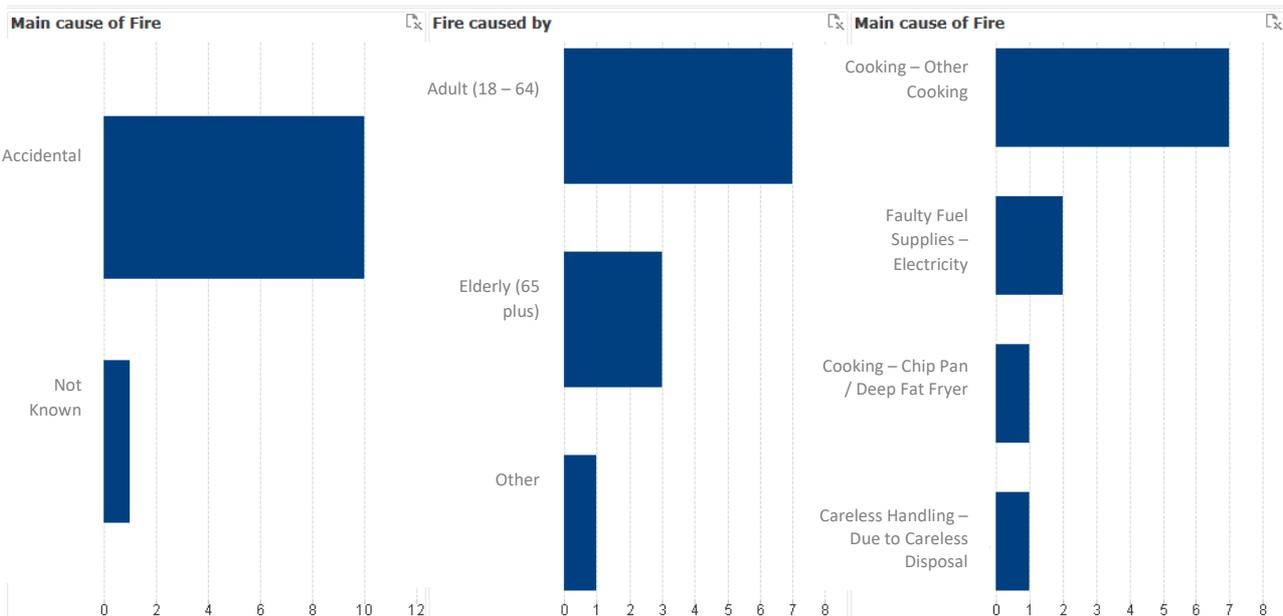

Reducing unintentional harm and improving home safety remain a priority for the SFRS. The chart below shows that the number of Accidental Dwelling Fires within the area have remained relatively static over the period.

The table below shows the breakdown of accidental dwelling fires down to ward level. It can be seen from the table that the majority of accidental dwelling fires over the current period have occurred in the Stonehaven and Lower Deeside ward. Out of the 8 incidents, 4 of them were low severity and did not require any firefighting.

Geography/Reporting Year	13-14	14-15	15-16	16-17	17-18	18-19
† Ward						
Mearns	2	4	5	5	2	2
North Kincardine	2	4	1	4	5	1
Stonehaven & Lower Deeside	5	3	3	8	7	8
<b>Total</b>	<b>9</b>	<b>11</b>	<b>9</b>	<b>17</b>	<b>14</b>	<b>11</b>

It can be seen from the chart below that 8 out of the 11 (73%) of accidental dwelling fires that occurred resulted from cooking. The local crews are focussing on this trend when undertaking Home Fire Safety Visits (HFSV) and when necessary, working closely with our Community Action Team and other partner agencies through the Aberdeenshire Community Hub to carry out case conferences on individuals deemed at risk.

Home Fire Safety Visits continue to be our primary method for reducing accidental dwelling fires and during this period we have delivered the following HFSV's

Ward	Total Visits	High Risk	Medium Risk	Low Risk
Mearns	24	15 (63%)	3 (12%)	6 (25%)
North Kincardine	24	7 (29%)	8 (33%)	9 (38%)
Stonehaven & Lower Deeside	23	15 (65%)	7 (30%)	1 (5%)
<b>Totals</b>	<b>71</b>	<b>37 (52%)</b>	<b>18 (25%)</b>	<b>16 (23%)</b>

We are continuing to work with our Partners through Local Community Planning Arrangements and the Health and Social Care Partnership to increase the number of High Risk Referrals made for Home Fire Safety Visits. This is a critical piece of work as delivering these visits to the people that are most in need.

### Accidental Dwelling Fire Casualties

During this reporting period there have been 2 casualties as a result of accidental dwelling fires. The table below shows how this compares to the previous five years.

Geography/Reporting Year	13-14	14-15	15-16	16-17	17-18	18-19
↑ Ward						
Mearns	0	0	1	0	0	2
North Kincardine	0	0	1	0	0	0
Stonehaven & Lower Deeside	2	0	0	4	1	0
<b>Total</b>	<b>2</b>	<b>0</b>	<b>2</b>	<b>4</b>	<b>1</b>	<b>2</b>

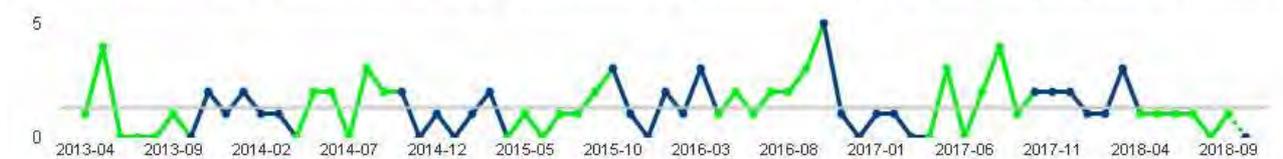

Although the number of casualties remains low we will not become complacent and will continue refining our HFSV process to ensure casualty numbers are minimised.

### Non Domestic Fires

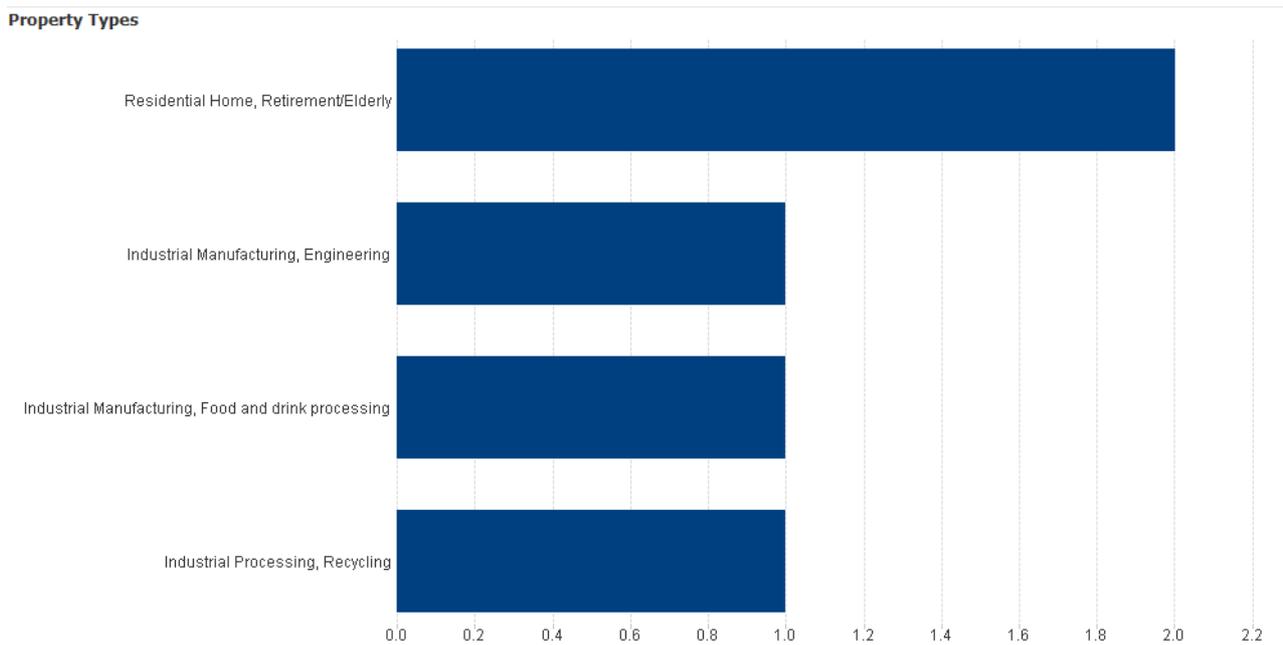

During this reporting period there has been 5 non-domestic fires in the area, the table and chart below allows for comparison with this and the same reporting period for the previous 5 years.

Geography/Reporting Year	13-14	14-15	15-16	16-17	17-18	18-19
↑ Ward						
Mearns	2	4	1	3	1	1
North Kincardine	0	4	1	1	4	2
Stonehaven & Lower Deeside	4	1	3	7	5	2
<b>Total</b>	<b>6</b>	<b>9</b>	<b>5</b>	<b>11</b>	<b>10</b>	<b>5</b>

4a - Non Domestic Fires ► Aberdeenshire, Moray ► Aberdeenshire ► Aberdeenshire Policy & Resources (Kincardine & Mearns)

The chart below shows the property types where these incidents occurred.

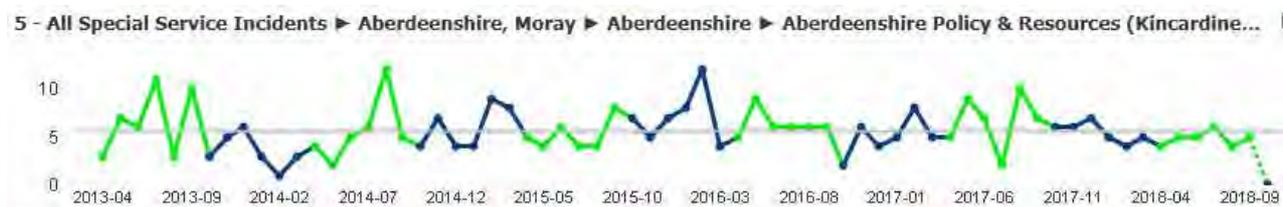

### Non-Fire Emergencies

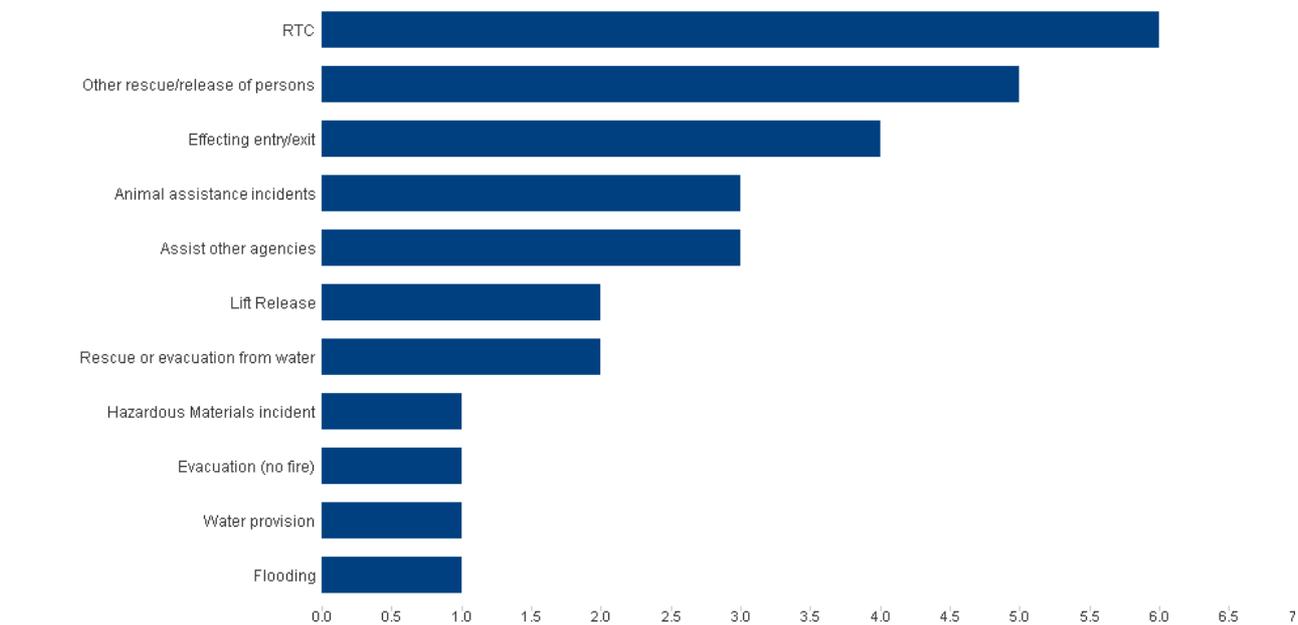

The modern Fire and Rescue Service attends many incidents that are not fires this section provides information in relation to Non-Fire Emergencies to allow members to see both how we are progressing in this area and the variety of Non-Fire Emergencies that crews within the area deal with.

The table and chart below show how we are progressing in comparison with the previous 5 years.

Geography/Reporting Year	13-14	14-15	15-16	16-17	17-18	18-19
↑ Ward						
Mearns	15	5	8	5	18	11
North Kincardine	12	13	11	10	11	6
Stonehaven & Lower Deeside	13	16	12	23	11	12
<b>Total</b>	<b>40</b>	<b>34</b>	<b>31</b>	<b>38</b>	<b>40</b>	<b>29</b>

The chart below shows the number and different categories of Non-Fire Emergencies that the Service have responded to in the Kincardine and Mearns Area during the reporting period.

We continue working with both partners and local communities to reduce the number of Non-Fire Emergencies in the Area and to ensure that there is an effective response when an incident does occur.

### Casualties resulting from Road Traffic Collisions

It is pleasing to note that there have been no Fatal Casualties as a result of Road Traffic Collisions during this reporting period.

We have also seen a reduction in the number of Non-Fatal Casualties from RTC's during this period and the table below provides information for comparison over the previous 5 years.

Geography/Reporting Year	13-14	14-15	15-16	16-17	17-18	18-19
↑ Ward						
Mearns	11	9	7	2	2	3
North Kincardine	11	4	6	5	3	1
Stonehaven & Lower Deeside	5	6	8	4	2	0
<b>Total</b>	<b>27</b>	<b>19</b>	<b>21</b>	<b>11</b>	<b>7</b>	<b>4</b>

We continue to provide Road Safety Initiatives with partners in the area and have events are scheduled at the 3 secondary schools in Kincardine & Mearns over the coming months.

### Unwanted Fire Alarm Signals (UFAS)

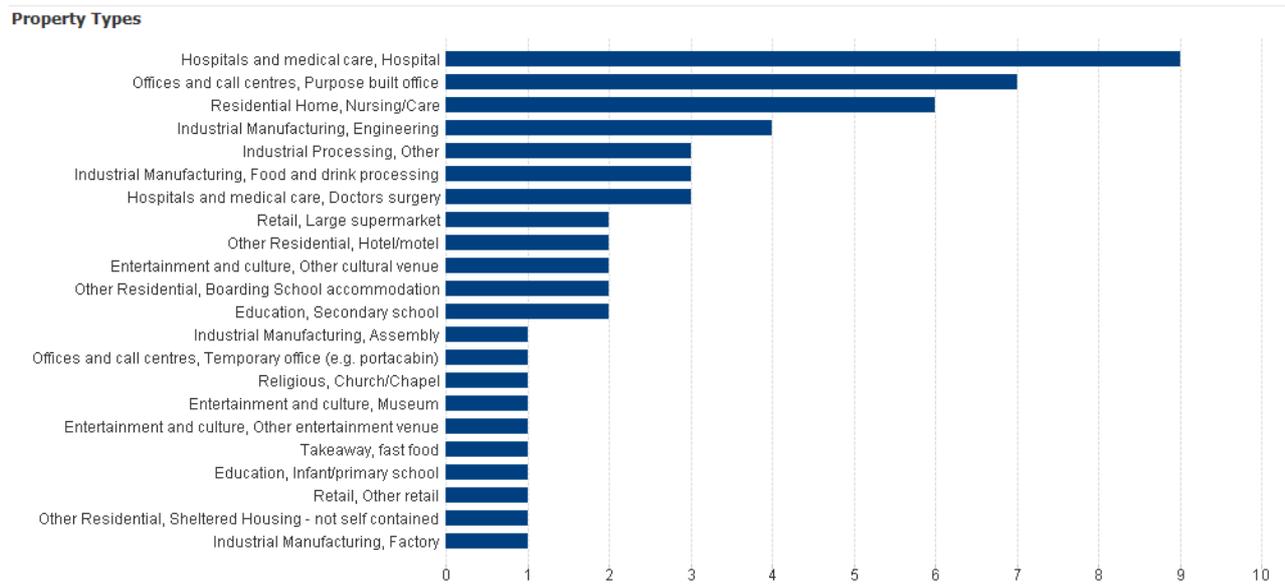

Reducing the number of unwanted fire alarm signals is a priority for the area. Reducing this type of incident has a positive impact on local employers by reducing the interruption to businesses, and the wider community, by reducing Road Risk through the reduction in

the number of Blue light journeys made while responding to incidents that turn out to be a false alarm.

We continue working on this priority with business owners and occupiers and the progress can be seen in the table below.

Geography/Reporting Year	13-14	14-15	15-16	16-17	17-18	18-19
↑ Ward						
Mearns	11	11	10	13	14	17
North Kincardine	20	19	28	22	23	20
Stonehaven & Lower Deeside	14	21	24	10	23	18
<b>Total</b>	<b>45</b>	<b>51</b>	<b>62</b>	<b>45</b>	<b>60</b>	<b>55</b>

The chart below shows the property types where UFAS Incidents have occurred during this reporting period.

In line with our policy for Reducing Unwanted Fire Alarm Signals, all operational crews provide advice and guidance to occupiers / owners every time that they attend an Unwanted Fire Alarm. In cases where there is no improvement we provide occupiers / owners with additional advice from our specialist Fire Safety Enforcement Officers to assist them in resolving the issue.
