The Committee agreed to make the following comments for consideration by the Infrastructure Services Committee:

1. The service should be commended on the very comprehensive report which they felt was on the right track,

2. The recycling instructions were extremely complicated and difficult to follow, e.g. there were so many different categories of glass and plastic, some of which could be recycled and others which could not.

3. Some recycling points were quite a distance from many homes and some people did not have access to vehicles to transport glass, etc.

4. More education was necessary to help and encourage people to recycle and, in addition to individual members of the public, information should be sent to community bodies/groups.

5. It was felt that bullet point 2 on the Charter for Household Recycling in Scotland “To encourage our citizens to participate…..” was too weak as it needed to impress upon citizens, their responsibility to take part.

The Committee heard Mr Michael Ritchie, applicant’s agent, in support of the application.

Thereafter, the Committee agreed to refuse the application for the following reason:-

1. The proposal does not comply with Policy P4: Hazardous and Potentially Polluting Developments and Contaminated Land, as contained within the Aberdeenshire Local Development Plan 2017 as insufficient information has been provided to confirm whether or not the potential noise emission from the air source heat pumps would cause an unacceptable impact in terms of neighbouring amenity, as detailed in the outstanding objection from Environmental Health.

The Committee heard Mr Michael Ritchie, applicant’s agent, in support of the application.

Thereafter, Councillor Cox, seconded by Councillor Roy, moved that the application be delegated to the Head of Planning and Building Standards to approve on appropriate conditions as the proposed development constituted a replacement house, was low-lying and would have no impact on the amenity of the surrounding area, was of an appropriate design and fitted in with an existing pattern of development which had some large scale houses and there were no roads, or other, objections.

As an amendment, Councillor Buchan, seconded by Councillor Kille moved that the application be refused as per the planning officer’s recommendations.
Members of the Committee voted:

| For the motion | 3 | Councillors Cox, Findlater and Reynolds |
| For the amendment | 5 | Councillors Buchan, Cassie, Kille, Mair and Roy |

1. The proposal does not comply with Policy R2 (Housing and employment development elsewhere in the countryside) as contained in the Aberdeenshire Local Development Plan 2017, in that;
   - It does not involve the refurbishment or replacement on the same site of an existing house or disused building;
   - It does not involve the remediation of redundant brownfield land;
   - It does not involve the small scale growth of a settlement identified in Appendix 4 of the Local development Plan;
   - It does not constitute an appropriate addition to an existing cluster of at least five houses; and
   - It is not required for the succession of a viable farm holding.

2. The proposal does not comply with Policy P1 (Layout, siting and design) as contained in the Aberdeenshire Local development Plan 2017 in that the scale and design of the proposed house are out of character with the immediate surroundings and existing nearby properties.

3. The proposal does not comply with Policy RD1 (Providing suitable services) as contained in the Aberdeenshire Local Development Plan 2017 in that insufficient information has been submitted to demonstrate that the site can be provided with adequate foul and surface water drainage.

15D REFERENCE NO APP/2018/1041

FULL PLANNING PERMISSION FOR ALTERATIONS, SUB-DIVISION AND CHANGE OF USE OF UNIT 3B TO HOT FOOD TAKEAWAY (SUI GENERIS) AT UNIT 3, SOUTH HARBOUR ROAD, FRASERBURGH

Applicant: Varied Portfolio Assets Ltd
Agent: Ryden LLP

A report dated 06 August 2018 from the Director of Infrastructure Services had been circulated seeking determination of the above planning application by the Area Committee.

The Committee agreed to approve the application.

The Committee’s reason for departing from the Aberdeenshire Local Development Plan 2017 were that the development can be accepted in the CC1 allocation as the proposed use is not completely at odds with the aims and objectives of such allocation. Furthermore the applicant has undertaken the necessary actions to demonstrate that there are no suitable sites within the town centre for the proposed development in addition to marketing the unit in its current form for a minimum of 12 months with no interest received, indicating that the unit may be unviable in the current economic climate and thus requiring to seek alternatives.
