

REPORT TO INFRASTRUCTURE SERVICES COMMITTEE – 20 JANUARY 2022

CORPORATE IMPROVEMENT PLAN QUARTERLY UPDATE

1 Executive Summary/Recommendations

1.1 Infrastructure Services Committee is requested to note and provide comment on the Corporate Improvement Plan and agree to receive six monthly updates. Since reporting commenced in February 2021 a significant number of actions (97%) have been completed. The impact the improvement actions are having on our residents and communities is reported in Directorate Plans.

1.2 Recommendations

The Committee is recommended to:

1.2.1 Note and comment on the Corporate Improvement Plan (“the Plan”) (attached as Appendix 1 to this report);

1.2.2 Note that the Plan was considered by Audit Committee on 16 December 2021; and

1.2.3 Agree to receive six-monthly updates.

2 Decision Making Route

2.1 The Corporate Improvement Plan is an amalgamation of all corporate improvement actions in respect of the Council. It comprises the Annual Governance Statement Action Plans, the How Good is our Governance Plan and the Best Value Plan. The Plan has been reported quarterly to Audit Committee and all Policy Committees. The Plan presented today was extracted from Pentana on 15 December 2021.

3 Discussion

3.1 The Plan was last considered by Committee at its meeting on [30 September 2021](#).

3.2 Since reporting commenced at the beginning of 2021 there has been a significant amount of work undertaken across Services and the vast majority (97%) of actions are now complete. Increased monitoring and scrutiny have increased pace and focused attention on completing actions. Services have been asked to consider and report the impact of actions on our customers and communities.

3.3 Given the progress with actions it is proposed that the reporting frequency is reduced from quarterly to 6 monthly. Quarterly briefings may be provided should Members agree to 6-monthly reporting.

- 3.4 As a significant number of actions are now complete it is important that momentum is not lost. Following consideration of the Best Value Follow Up by Audit Committee on [4 November 2021](#), new actions have been identified and will be presented to Full Council on 13 January 2022.
- 3.5 Audit Committee on 16 December 2021 considered the Corporate Self-Evaluation Programme 2022-24. A Council-wide self-evaluation is scheduled to be undertaken in February 2022, the results of which will inform actions to be considered by Audit Committee in May 2022 and thereafter incorporated in the Plan.
- 3.6 The actions identified in the Annual Governance Statement 2020/21 considered by Audit Committee on [1 July 2021](#) will be added to the Corporate Improvement Plan following consideration of the Audited Accounts by Audit Committee on 16 December 2021.

BV5 Improving the performance of key services including education attainment and housing relets	In Progress	91%			RECOMMENDATION	31-Mar-22

<p>BV5.1 Develop improvement plans based on performance of key services, aligned to Directorate Plans. Initially focusing on housing re-lets and poverty related educational attainment</p>	<p>Completed</p>	<p>100%</p>	<p>SLT</p>	<p>Kay MacDonald; Alan Morris; Neil Watts</p>	<p>Re-let plan in place and performance being monitored. Performance improvements will become more visible as we emerge from Covid 19 restrictions and move back to routine allocation of properties. Progress discussed with Audit Scotland 28/06 who appeared content with actions and progress to date.</p> <p>ECS NIF plan demonstrates our plans to deal with poverty related educational attainment.</p>	<p>31-Dec-20</p>
<p>BV5.2 Housing re-lets: review all policies/procedures and implement improvement action plan</p>	<p>Completed</p>	<p>100%</p>	<p>Rob Simpson</p>	<p>Andrew Mackie; Alan Morris; Neil Watts</p>	<p>As noted in previous updates, the new void procedure has been completed, and the updated lettable standard has been implemented across the whole of Aberdeenshire. Relets within Sheltered Housing units have now resumed, meaning that implementation is now complete across all Housing stock.</p> <p>Aberdeenshire Council is moving to a Choice-Based Lettings (CBL) model of housing provision, which will require a modification of the void procedure to take account of these changes. Work on this update has been completed, with the CBL model now due to go live in August.</p>	<p>31-Dec-20</p>
<p>BV5.3 Housing re-lets: 50% reduction in time to re-let</p>	<p>In Progress</p>	<p>50%</p>	<p>Rob Simpson</p>	<p>Andrew Mackie; Alan Morris; Neil Watts</p>	<p>Aberdeenshire Council's overall average days to relet void properties for the year to date is 89.9 days to the end of Quarter 2. This represents an increase compared to the end of Quarter 1, taking an average of 93.7 days to relet properties in Quarter 2, compared to 85.9 days in Quarter 1. As previously discussed, the main driver of this figure is the challenge presented by the pandemic in letting properties, in particular Sheltered Housing. The Pandemic has affected performance on this measure for local authorities across Scotland, but the effect is more pronounced in Aberdeenshire due to our relatively high proportion of Sheltered Housing.</p> <p>The ongoing impacts presented by the Pandemic mean that it will not be possible for Aberdeenshire Council to achieve the required level of performance within the timescale specified. The way this indicator is calculated means that it will be some time before any of the actions carried out will have an impact on the headline performance figure. However, there have been some improvements in underlying performance as a result of the work carried out under this action. For example, the time taken to complete works on void properties reduced by over 40% since 2019/20 as a result of changes to the void procedure and other actions taken. Similarly, void rent loss for non-sheltered housing has fallen significantly over the same period. Therefore, while the Pandemic has prevented us from achieving the required improvement in performance so far, it can be seen that significant progress has been made in implementing changes that will result in performance in the longer term.</p>	<p>31-Mar-22</p>
