9. Close Family Members

For the period of August 2020 to October 2021 my partners business had business transactions with the council. The business owned a holiday cottage, although exempt from small business rates the business paid trade waste charges. The property ceased trading as a holiday accommodation in October 2021 and from April 2022 became a private rented accommodation.

My partners business has four registered properties enrolled on landlord registration held with Aberdeenshire Council, operating as private rented accommodation.

My partner's business has occasional transactions with the Council through the submission of planning applications. For the period of May 2021 – May 2022 my partners business submitted one planning application. I expect there will be occasional transactions of this nature in the future.

My partners business has a trade account registered with Aberdeenshire Council Craighash Quarry to purchase material, the last transaction was in 2021. I expect there will be occasional transactions of this nature in the future.
